Friday Enrichment Program

We are looking for families and friends to assist us in providing enrichment programs during the school year on ½ day Fridays throughout the school year. The PTO would like to provide Art, Cooking, Coding, Gardening and Music classes for the students at Serendipity Academy. If you or someone you know may be interested in assisting to provide a 30-60 minute activity in one of these topic areas please let us know! We hope to start this program as early as possible with your help! You can sign up to help online at www.SignUpGenius.com/go/10C084AAAA62DA2FA7-friday

We are very excited to offer this enrichment program to the students to enhance their education and look forward to working with you all to make it possible!

Jr. Achievement Program

Each year Serendipity Academy PTO parents work in each classroom to teach Jr. Achievement, a curriculum that teaches students work-readiness, entrepreneurship and financial literacy skills. The materials and instructions are all provided for parents to facilitate these classes. Each class has 5 sessions which are about 30 minutes in length. This is a fun way to volunteer in the classroom and inspire students to reach their potential. A big thank you to the parents (Joice Hagen, Marlee O'Neil, Bessie McCann, Pamela Schwilk & Ashleigh Richards) who already who signed up to assist. If you are interested in assisting in your child's classroom, please e-mail serendipity.academy.pto@gmail.com so that we can get you the materials so you can get started.
